Variations

Unlacquered Brass - Hand cast & polished but not lacquered: they will age beautifully over time.

Nickel-Plated - Polished nickel is more hard-wearing than brass but requires periodic polishing to keep bright or left to age gracefully.

Chrome-Plated - This is the most hard-wearing finish & requires minimal maintenance, a brighter blue finish to the nickel plating.

Antique Brass or Bronze - Please contact us for a bespoke finish.

** Due to the manufacturing process, brass component parts slightly differ in colour.
